

## Personal Details:

Name: Mircea Radulian  
Date of birth: 19 March, 1954  
Place of birth: Bucharest, Romania  
Nationality: Romanian  
Email: [mircea@infp.ro](mailto:mircea@infp.ro)

## Education:

February 1999 *Ph.D.* in Physics of the Earth at the Institute for Atomic Physics, Bucharest, Romania.  
July 1979 *M. Sc. Diploma* in Physics, University of Bucharest - Faculty of Physics, Bucharest, Romania.

## Professional History:

2002 to present, President of the Scientific Council of the National Institute for Earth Physics (NIEP), Bucharest, Romania.  
2000 to present, Deputy Director of NIEP, Bucharest.  
1996 to 2000, President of the Scientific Council of NIEP, Bucharest.  
1992 to 1994, Head of the Seismological Laboratory of NIEP, Bucharest.  
1990 to 1994, Scientific secretary of NIEP, Bucharest.  
1990 to present, Senior researcher at NIEP, Bucharest.  
1979 to 1990, Researcher at NIEP, Bucharest.

## Publications since 1999:

1. Mandrescu N., **Radulian M.**, Macroseismic field of the Romanian intermediate-depth earthquakes, in "Vrancea Earthquakes: Tectonics, Hazard and Risk Mitigation" (eds. F. Wenzel, D. Lungu, O. Novak), Kluwer Academic Publishers, 163-174, 1999.
2. Mandrescu N., **Radulian M.**, Seismic microzoning of Bucharest (Romania): A critical review, in "Vrancea Earthquakes: Tectonics, Hazard and Risk Mitigation" (eds. F. Wenzel, D. Lungu, O. Novak), Kluwer Academic Publishers, 109-121, 1999.
3. Bazacliu O., **Radulian M.**, Seismicity variations in depth and time in the Vrancea (Romania) subcrustal region, *Natural Hazards* 19, 165-177, 1999.
4. **Radulian M.**, Popa M., Rizescu M., C. Ionescu, Decade 1991-2000: seismic motions at global and regional scales, *Proc. of the Symposium "Bucharest, March 1977 - March 1999"*.
5. Ivan M, Wiejacz P., Popa M., **Radulian M.**, Upper mantle anisotropy beneath Vrancea area - Romania as derived from polarization of teleseismic S-waves recorded in Poland, *Romanian Journal of Tectonics and Regional Geology*, v.77, Supp.no.1, p.77, 1999.
